This beautiful picture book contains three separate stories about the two fox sisters, Zelda and Ivy, and their friend Eugene. The children play wonderful games (?I?m a famous palaeontologist?) through which we are aware of the family dynamics between big and little sister. The timing is perfect throughout, and there is always a feeling of fun. The pictures are like photographic stills, capturing the foxes in full swing, and they are packed with details which support and add to the story. A very enjoyable read.
