What an introduction for the very young to McNaughton's wonderful stories and pictures about Preston Pig and Mr Wolf! This small format 'Little' series, mirroring the full text versions, will delight the toddler and pre-school child. The illustrations are quite captivating, each leaving the reader to predict the outcome of successive encounters between Preston and Mr Wolf. The text is large and very simple and the illustrations tell so much more than the words. Older siblings familiar with these two characters will certainly be savouring the simplicity and mastery of the 'short story' in these little gems. Enormous fun.
