Baseball player Max discovers a new way to warm up for his Saturday morning game: he joins his sister's ballet class where he stretches, springs and leaps- the ideal way to keep in trim for those home runs. Both present tense narrative and black and white illustrations are used to great effect - the latter creating something of the illusion that the reader is watching a film sequence - by an American artist whose talents have yet to be widely appreciated over here. This paperback edition should help, it's a real joy.
