The Cat in the Hat books now have distinctive red or yellow spines and borders, the yellow spines and borders, the yellow (Bright and Early Books) generally being easier to read, and shorter---32 pages as opposed to 64 in the red (Beginner Books). My pick of the latest batch are: **The Berenstain's B Book**---hilarious phrases with all words beginning with the letter b; **Bears on Wheels** wherein zany pictures provide perfect context cues for the single line per page of text; and **The Bike Lesson**, a rhyming story in which Father Bear demonstrates how NOT to ride.
