Big, bold and bright, this fun car chase adventure is a visual feast for the eyes with a transport theme that will impress young motor enthusiasts. Mouse is on his motorbike and he's trying to catch up Gorilla in his car. Each spread shows a tangle of roads that are busy with traffic. Children must work out Mouse's route and avoid getting stuck behind snowfalls, pedestrians and clusters of sheep along the way. How will Mouse ever catch Gorilla, and what is it he wants him for anyway? This interactive picture book has instant appeal; it's particularly impressive in its larger hardback format, and with all the detail inside and the inevitable hours of fun, it is really good value.
