Lol gets in trouble with the law and is sentenced to 240 hours at the Sumner House Project. He is told in no uncertain terms that 'this is absolutely your last chance.' The Project is designed to provide useful work on car maintenance for lads who have been caught 'nicking' cars. Some useful threads about early teen-parental pressures, and mixed racial peer group relationships, but generally the story doesn't develop from this promising germ of an initial idea.

Running Order:

3
