Here Susanna Gretz turns her artistic talents from bears to pigs, setting out the nub of the tale in the first few pages and engaging the reader's attention by talking directly to him or her: ' "Roger, it's your turn to set the table." That's his sister calling.' Young Roger's reluctance to do his share of helping out leads him to call other occupants of his block of flats (more pigs of various shapes and habits) before he comes to a final realisation of the error of his selfish ways and the appreciation of his own lot.
