Bob Graham lives up to his reputation - another excellent read. He gently mocks the frailty of human nature and leaves us wryly recollecting similar personal experiences. Peter's preparations for the visit of his friend Crusher are elaborate. He reorganises his room and places the family on their best behaviour - particularly his toddler sister who is banished for the duration! Crusher confounds all expectations by thoroughly enjoying himself doing all the things Peter had been embarrassed about and, in particular, delighting in the company of Peter's baby sister!
