A breathtakingly beautiful book. The colours, swirling on the page with tremendous vitality of movement, don't just illustrate the text but extend our perception of the story. The tale comes from ancient Chinese folkloré and tells of the cruelty inflicted upon thousands of labourers conscripted by Emperor Ch'in Shih Huang to construct the Great Wall. It's the intervention of the seven brothers, each with his own special strength, that brings about the downfall of the tyrannical Emperor in the most spectacular way.
