A gloriously funny celebration of animals of all shapes, sizes and dispositions. Just when you'd given up all hope of finding a poem glorifying the stick insect, this collection arrives! And I loved the 'Snail' slobbering all over its friends ' *In perpetual lamentation*'. If you're feeling in a serious mood about poetry, don't dare open the cover - if you want to grimace at some awful rhymes and then wonder at the cleverness of it, this is for you.
